

**Subject Line: Mandatory COVID-19 Testing: Resident Students**  
**Sent to All Resident Students: February 8, 2021**

*This message was sent to all resident students and is being copied to all faculty and staff:*

Dear Resident Students,

As I have shared in previous correspondences, the College has secured rapid antigen tests from the Governor to assist in controlling the spread of COVID-19 on our campus and in our halls. While mask wearing and physical distancing are critical to stopping the spread of the virus, surveillance testing strengthens our collective efforts to safeguard individual and community health and maintain a safe living environment for our residential students. We are committed to testing and working collectively to maintain a safe living environment for our students.

All resident students are required to test this Friday, February 12<sup>th</sup> in the Events Arena between 7:30am-1:15pm. Please use the link below to schedule your appointment for this Friday.

Please note:

- All student-athletes who reside in the halls are required to participate in this testing date, regardless of other athletic department testing this week.
- Students who have tested positive for COVID-19 in the last 90 days are required to still complete the info in the link. Our Wellness Center will follow-up with you if we do not have your positive result on file.
- Students will not need to wait for their results. Any student that tests positive will be contacted with next steps via phone.

Link to schedule your appointment: [Unique Link](#)

Please schedule your appointments immediately!

I also want to thank each one of you for completing the pre-arrival and move-in testing. Through that process we were able to identify several positive cases before students moved into the halls. Those students responded to our orders of isolation and kept the campus safe. It is the collective effort of all of you that currently has led to zero cases in the halls.

See you Friday!

Amy M DeKay, MS
